

FAQs about Volunteering with VITA or TCE

| The Basics | | |
|----------------------|--|--|
| 1 | What is VITA? What is TCE? | From February through April, Volunteer Income Tax Assistance (VITA) helps working and low-income individuals and families save money through free tax preparation (where volunteers prepare tax returns for clients) or Facilitated Self-Assistance (customers do their own returns, with volunteer help). Tax Counseling for the Elderly (TCE) provides the same service, giving special attention to those aged 60 and older. |
| 2 | What do VITA/TCE volunteers do? | There are multiple volunteer positions available at a VITA or TCE site: <ul style="list-style-type: none"> • Tax Preparer who prepares tax returns for clients or helps them complete their own returns. • Quality Reviewer who double checks all returns for errors and accuracy. • Site or Lead Coordinator, who oversees tax sites and supervises other volunteers. • Greeter who welcomes clients and ensures that they have all the documents they need to prepare their taxes. • Interpreter who translates for non-English speaking or hearing-impaired customers. |
| 3 | Where do I volunteer? | There are multiple VITA and TCE locations around Pierce County--locations will be finalized by early December. You can choose the site that works best for you in terms of location, days and hours. If we have understaffed sites, we may ask volunteers if they will consider switching sites to meet the need. |

| Benefits to the Community | | |
| 13 | Why are VITA and TCE important? | Paid tax preparers often cost hundreds of dollars--which many people can't afford. VITA/TCE provide tax prep free of charge, ensuring that families receive all the deductions and credits they qualify for. Last year, more than 6,000 households in Pierce County received free tax help at a VITA or TCE site. |
| 14 | Why use a free tax preparer? | All our volunteers are highly trained and must adhere to ethical standards of conduct. Services are free of charge. Clients can learn about other financial services (such as obtaining bank accounts or financial education) and social services (such as energy assistance) while they wait for their taxes to be completed. |
| 15 | Who qualifies for these services? | For VITA, individuals and households should have incomes of \$56,000 or less (but we don't turn people away unless their tax needs are out of scope). For taxpayers who choose Facilitated Self-Assistance (where they do their own return, with help from a volunteer), the income cutoff is higher. TCE primarily works with those who are aged 60 and above. |
| Benefits to Volunteers | | |
| 16 | Can I get internship or community service credit? | Yes, as long as you work with your professor or school to complete whatever forms, hours or documentation they require. We will confirm your training and volunteer hours. |

You will also learn about other financial and social services in Pierce County. Most important, you will provide a valuable service to low to middle income families in our community! |
| 18 | Can I get my own taxes done at a VITA site? | Yes, you may! That's one of the many benefits of this program. You may also provide tax preparation for family members and friends. |
