resource events

1,570

Individuals served through **am**'s
Protective Payee & Homeless Mail

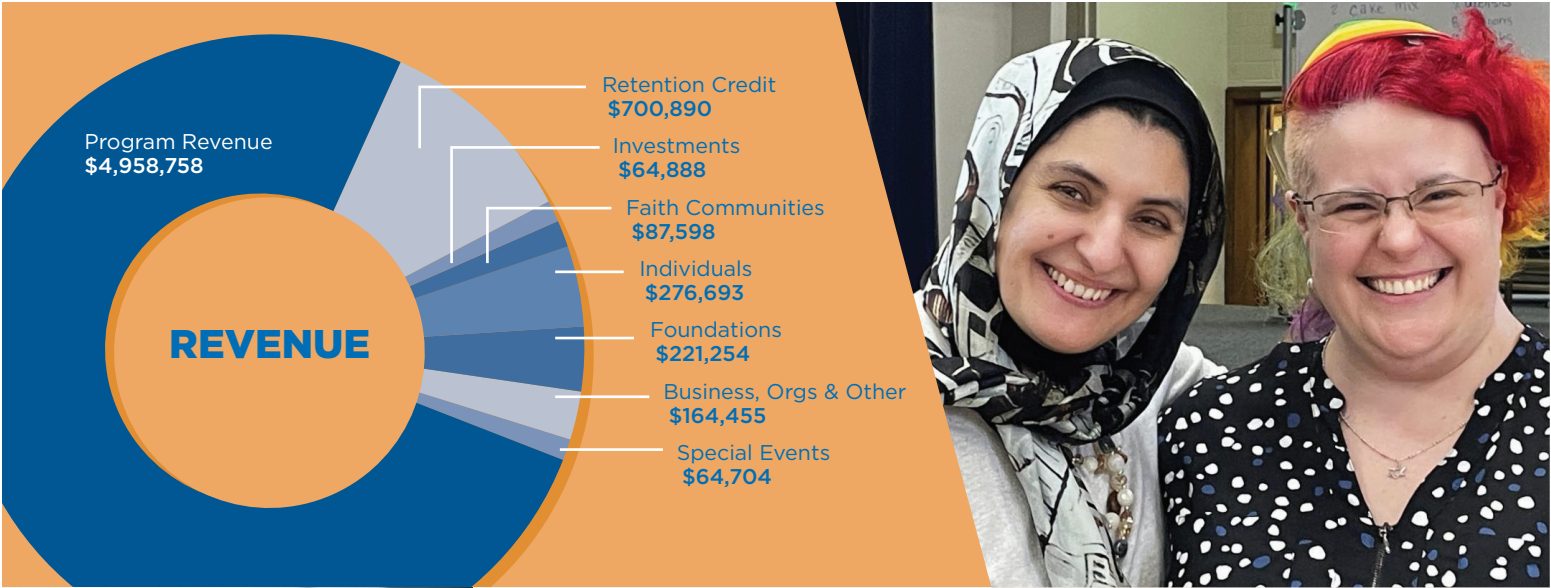

1,240

Income tax returns prepared by
volunteers (VITA)

91

Individuals served through the
Host/Homeshare Programs

A Triumphant Homecoming

One of the highlights of this year happened at our 11th annual Lead the Way Home Breakfast in November, where we had the honor of sharing the story of one of our Youth Host Homes clients, Joaquin.

Joaquin is a young man whose story, willpower, and courage moved us deeply. His journey is not just about overcoming adversity; it's about the transformation that happens through the dedication of compassionate individuals and the gifts of generous supporters. His story is a testament to the power of partnerships and the life-changing impact of AM's work in our community.

During the Breakfast, Joaquin shared, *"You guys did everything you could to put me in the position that I'm at...I really don't have any idea what I'd be doing right now if I didn't get this opportunity."*

For Joaquin, AM became the catalyst for the second chance he needed. Connecting with an AM case manager marked the turning point that enabled him to secure housing, attain a new job, complete his education, establish a thriving business, and give back to his community.

The generosity of our donors is the key that unlocks these life-altering opportunities. To hear more of Joaquin's story, you can watch his client testimonial on our website.
